

Bringing the worlds best chillers to Australia

MODEL:

SK198D-HD

QUICK INFO

Heated Stainless Steel door, Twin zone beer and wine fridge designed for indoor quiet applications,

Multi Purpose Slide out interchangeable shelving and nice soft Blue or White LED lighting make it a great little addition to your home entertaining area.

Slide Out Shelving can interchange from beer and wine, and plenty of height adjustments makes it the best unit on market for options.

Unlike traditional dual zone units, that must have a large temperature variance between the 2 zones, we've designed these to have 2 completely separate cooling systems, which means you can set both left and right sides to pretty much any temp that you like (We've installed a heater on the right hand side to help maintain warmer temps for wines in the cooler months)

PARTS AND ENERGY INFO

- R600 100% ozone safe gas
- LED lighting
- Cyclopentane foaming
- 12Volt Fans
- On/Off switch for heated glass
