

Bringing the worlds best chillers to Australia

MODEL:

SD-MK208 - SK245-B-HD

QUICK INFO

Fridge was returned due to "refrigeration" noise. It has tested fine back here at HQ, but please note that it may make a gurgling noise (just like other fridges) in warmer months. This one would be good for the man cave or under bench setup, as the body has a few marks. It does however have 2x BRAND NEW doors fitted (They still have the blue protective film on them!). A great unit for the price.

Quiet running low energy under bench front venting glass door bar fridge. Unit has heated glass to stop condensation, the doors are sleek black design with locks and brand parts include our own quality Schmick ECO electronic controller and German EBM fans for reliable operation.

Switchable 'color' LED light can be either blue or white, units have 3 x full 'soft' strips on sides and inner top for great lighting effect.

This unit is also available in heated glass with black door frame and grill (Model SK245-B-HD).

PARTS AND ENERGY INFO

- R600 100% ozone safe gas
- Cyclopentane foaming
- Triple Glazing
- German energy saving EBM fans
