

Bringing the worlds best chillers to Australia

MODEL:
SD-MK236-JC190-GG

QUICK INFO

This fridge was returned due to the most minor damage from transit. There is a small fold/indent along the bottom left edge of the fridge. Please see photos. In otherwise brand new condition. Grab a bargain!

Two-zone multi-purpose bar fridge - A great product with so many options for your beers, wines and/or soft drinks. The two zones can be set between 1°C >18°C and you can mix and match shelving so if wanting all beer then its no problems. *Note there must be a 5oC variance between the zones, usually beer at 2oC and wine set between 12-18oC is popular.

Units are front venting to build in under benches, lockable, LED lighting and have special heated triple glazed glass with LOW E film to stop condensation.

Lighting is energy saving so inner light goes off if unit not being used.

*Wine bottle Qty is using standard bordeaux bottle size 76-82mm, wider bottles only fit on top or bottom shelving. Units are front venting to build in under benches, lockable, LED lighting and have special heated triple glazed glass with LOW E film to stop condensation.
